

**MADE IN THE USA**

## SPECIFICATIONS

### Applications:

Suspension air systems, standard air lines requiring bleed and fill, system gauge ports

### Configurations:

Push-in, brass pipe or stem connection

### Sizes:

1/4", 3/8" and 1/2" available

Custom configurations welcomed

### Materials and Options:

CA 377 brass shapes / CA 360 brass straights

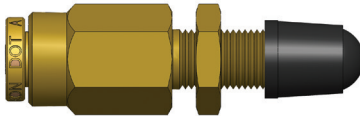

Nickel plating available (consult factory)

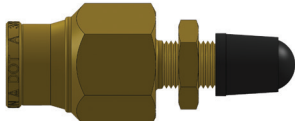

Thread sealant standard on all male pipe threads

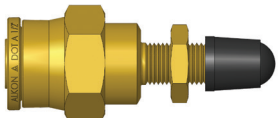

## Solutions for Industrial & Mobile Applications

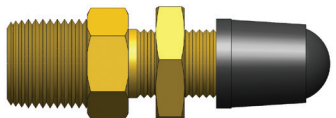

- ◆ **Easy fill/bleed** – Standard valve core connection
- ◆ **All-weather performance** – Rugged brass fittings stand up to the worst road/field conditions, extreme cold and heat
- ◆ **Optimized for dependable use** – Push-to-connect design for easy, fast installation
- ◆ **Superior Alkon reliability** – “Less is best” design uses minimum parts for maximum performance

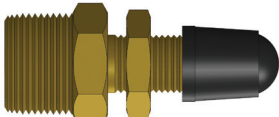

### Suspension:

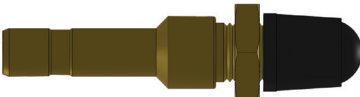

MODEL	DESCRIPTION
AQ62-SV-4	1/4" PTC inline
	

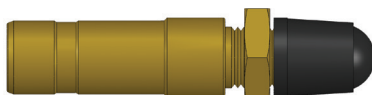

MODEL	DESCRIPTION
AQ62-SV-6	3/8" PTC inline
	

MODEL	DESCRIPTION
AQ62-SV-8	1/2" PTC inline
	

MODEL	DESCRIPTION
SV-2	1/8" NPT male
	

MODEL	DESCRIPTION
SV-4	1/4" NPT male
	

MODEL	DESCRIPTION
AQ97-SV-4	1/4" PTC stem
	

MODEL	DESCRIPTION
AQ97-SV-6	3/8" PTC stem
	

*Custom  
Configurations  
Welcomed*

# Trans-DOT Port Protectors

## SPECIFICATIONS

### Applications:

Any air exhaust application

### Sizes:

1/4" NPT, 3/8" NPT and 3/8" PTC

Custom sizes and configurations welcomed

### Materials and Options:

Aluminum body, clear anodized

Diaphragm – nitrile

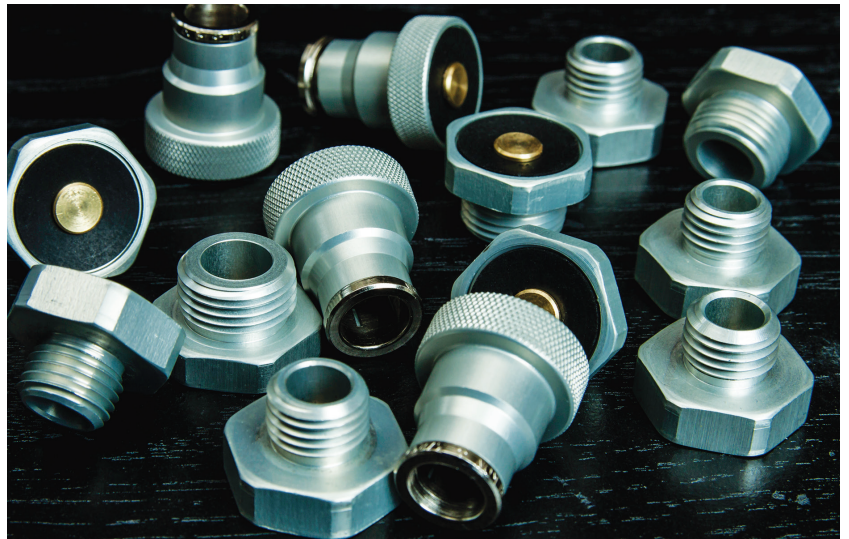

Retainer – brass

Spring – stainless steel

MODEL	DESCRIPTION
PP-14 (10/pkg.)	1/4"
PP-38 (10/pkg.)	3/8"
PP-38PTC (10/pkg.)	3/8"

*Custom Configurations Welcomed*

## Keep Air Systems Working Longer

- ◆ **Extends service life** – Keeps your controls cleaner by preventing contaminant buildup in air lines that causes back pressure in air systems
- ◆ **Optimized for easy use** – NPT and push-to-connect design for simple, fast installation
- ◆ **Prevents backflow** – Alkon port protectors are designed to prevent contaminants from being drawn into your air system and pass any air line contaminants out through the exhaust, preventing contaminant buildup
- ◆ **Superior Alkon reliability** – Simple design with maximum results

*Whatever you need is just a phone call away.*
